

S1 SINGLE ROCK GUARD - UNIVERSAL

$18.66 – $21.95Price range: $18.66 through $21.95 GST included

---

SKU: N/A
Categories: Accessories, S1

PRODUCT DESCRIPTION

The S1 rock guard from Baja Designs provides essential protection for your S1 LED lights, shielding them from rocks, debris, mud, and other off-road hazards. Designed for quick installation and removal, these rock guards fit securely without compromising the performance of your lights.

Color Options:

- Black: Features the Baja Designs logo and offers protection when the light is off. **Note: Black rock guards cannot be used while lights are on.**
- Amber: Switch to amber lighting easily for improved visibility in dusty or adverse weather conditions.
- Clear: Protects the light while allowing full brightness to shine through.

Benefits:

- Impact Protection: Acts as a barrier against dirt, rocks, and branches, absorbing impact to minimise light damage.
- Scratch Prevention: Shields lights from debris that could cause scratches or cosmetic damage.
- Durability: Adds an extra layer of resilience, helping your lights withstand off-road conditions.

• Visibility: Protects your lights without hindering their functionality, ensuring optimal performance.
• Easy Replacement: Simplifies maintenance with easy-to-replace rock guards, making repairs more cost-effective.

Features:

• Sold individually
• Made from durable, hard-coated polycarbonate plastic
• Available in Black with Baja Designs logo, Amber, or Clear
• Easy to install and secure for a snug fit
• Note: Not compatible with flush mount models.
