

S1 UNIVERSAL TOW BAR HITCH REVERSING LIGHT KIT – FITTED WITH 7 FLAT PIN AUSTRALIAN

$310.95 GST included

SKU: 448153-AU
Categories: LED Auxiliary Lights, S1

PRODUCT DESCRIPTION

The Baja Designs S1 Tow hitch reversing light kit is a powerful and versatile lighting solution for outdoor enthusiasts and off-road adventurers. This compact and rugged system features a high-performance S1 LED light, mounted in a durable bracket that easily attaches to any standard 2-inch hitch receiver. This kit has been fitted with a Flat 7 pin Australian Plug.

Trailer Hitch Kit (7-Pin trailer connector)

If your vehicle has a 7-pin trailer plug connector you can connect this kits 7 pin connector directly to the 7 pin connector on your vehicle. This allows for an easy plug and play installation. When the vehicle is put into reverse the S1 will automatically illuminate and provide an additional 2,320 lumens of smooth output. 6W / 1,4A. You will need to check there is a hole at the rear of the Tow Hitch to allow the connecting cable to exit the 2 inch square hitch. The plug going through this opening is approx. 25mm wide and 15mm High. Should this opening not be available please call us, so that we can recommend a different method of installing.

NOTE:
Your Vehicle must be wired so that PIN 2 is correctly wired, for this light to Function

It has been reported that some Tow Bar Installers do not Wire up Pin 2, and only wire the Turn Signals, Brake Lights and Clearance Lights, Plus the Earth Return.
