PRODUCT DESCRIPTION

Our A/C kits allow you plug directly in to your stock lighting on the bike converting the A/C power to D/C power needed to run our lights. With these kits you will not need to perform any stator modifications! If you are looking for an off road light that features unique styling and leading edge performance, than the Squadron Sport, LED CRF/X Kit is the light for you. The Sport produces an impressive 2,260 lumens while only drawing 20 watts, allowing for a longer ride.
