

LED ROCK LIGHT KIT

\$612.01 GST included

SKU: N/A

Categories: [LED Auxiliary Lights](#), [LED Rock Lights](#)

PRODUCT DESCRIPTION

Our Universal Rock Light Kit takes the guess work out of buying wiring and trying to figure out how to pin relays. All of the lengths are pre-cut to reach all four corners of your small to mid-sized vehicle with some wiggle room on each lead to route the wiring any desired way. This kit includes four 400-lumen rock lights and wiring for a truly turnkey kit. These LED lights are waterproof and can be mounted virtually anywhere.

All that is needed is 12-volt power. They have 180-degree optics to illuminate your wheel wells or anywhere else you need a bright and smooth light.

NOTE:

Caution: Rock Light can get very hot when used for long periods of time. Please use caution when handling or installing.

Dimensions

Length (in.)	2.7
Height (in.)	1.2
Depth (in.)	0.45
