$778.95 – $1,556.95Price range:
$778.95 through $1,556.95 GST included

SKU: N/A
Categories: LED Auxiliary Lights, LP4

PRODUCT DESCRIPTION

The LP4 is the smallest variant in the LP line up but maintains all of the power and features of its siblings. The LP4 features a total of 8,750 lumens and a 200° spread of useable LED light. This light pumps out 7,050 forward projecting lumens and 1,700 lumens of dedicated peripheral lighting courtesy of our patented Integrated Peripheral Technology (IPT).

To keep your light performing at its highest potential, the LP4 integrates our proprietary Direct Ducted Cooling (DDC) technology. This feature allows air to travel through the front of the housing, over the rear heat sinks - drastically improving cooling capacity and performance.

With an amber day-time running light, the LP4 will fulfill all your lighting needs.

VARIATIONS

Image	SKU	Price	Description	Pattern	Single / Pair
	297813	$1,556.95 GST included	**Includes:** QTY (2) LP4 LED Light QTY (1) Wiring Harness **Driving/Combo:** Maximum trail coverage in a single light.
