

LP9 SPORT, LED

$836.95 – $854.95Price range: $836.95 through $854.95 GST included

SKU: N/A
Categories: LED Auxiliary Lights, LP9

PRODUCT DESCRIPTION

The LP9 Sport is perfect for enthusiasts that want a full size light with modern styling and advanced features. The Sport model still includes all of the technology that makes the LP9 series so popular, from Direct Ducted Cooling - that keeps your light cool under stress - to the Integrated Peripheral Technology (IPT), which produces an incredible 200° spread of usable light.

The LP9 Sport utilizes 9 forward projecting LEDS to produce 6,500 Lumens at 61 watts, and 6 LEDs for Integrated Peripheral Technology (IPT) which produce 2,280 lumens at 21 watts.

As with all of our LED offerings, this light features uService technology - allowing customers to change the lens pattern and color depending on driving conditions, or simply when they want to refresh the lens.

Note: The LP9 Sport is simple on/off (no hi/lo) and does not include the amber backlit feature. These features are available on the LP9 Pro and Racer Editions.

VARIATIONS

Image	SKU	Price	Description	Pattern	Colour
	350003	$836.95 GST included	**Driving/Combo**: Maximum trail coverage in a single light.
