

RTL-M 6 INCH LIGHT BAR

\$450.38 GST included

SKU: 100601

Categories: [LED Light Bars](#), [RTL](#)

PRODUCT DESCRIPTION

The RTL-M (Rear Tail Light Mini) is a miniature version of Baja Designs existing RTL. At a compact 6-inches, this light bar is exceptionally useful on vehicles where space is limited, such as: Jeeps, motorcycles, UTVs, and ATVs.

The RTL-M includes five red LEDs which function as the running and brake lights. The high visibility of these LEDs provides extra safety to any off-road enthusiast, from the casual weekend warrior, to the dedicated racer.

The bar also features a pair of central white LEDs which act as cargo and scene lighting. Perfect for grabbing gear out of the toolbox or lighting the camp area. The RTL-M also features an optional license plate illuminator for those that would like to use the product with our Universal License Plate Mount or Jeep JK Spare Tire Mount.
