

S8 LED LIGHT BARS

\$602.28 - \$2,379.95Price range: \$602.28 through \$2,379.95 GST included

SKU: 700000

Category: <u>S8 LED Light Bar</u>

PRODUCT DESCRIPTION

Baja Designs' latest LED light bar comes with a few new perks! Enjoy the clean aluminium frame with 6,350 lumens of pure power, low amp draw of 4.00 amps, and nearly 50,000 hours of LED life. The S8 also features high performance, proprietary reflectors, an amber backlit feature, and a unique scalloped housing design. The S8 is backed by our 30 Day Satisfaction Guarantee and Limited Lifetime Warranty giving you the ultimate in purchase protection!

Patterns:

Driving/Combo: Maximum trail coverage in a single light. The Driving/Combo pattern is equipped with both Driving (42°) and spot (9°) optics to provide you with a smooth blend of light for both near field applications and distance (Lighting Zone 3)

Wide Driving: BD was the first to develop a pattern specifically for cornering, dust and/or fog conditions. The Wide Driving pattern offers a 42° flattened horizontal beam for the ultimate in comfort lighting.

(Lighting Zones 1 & 2)

Spot: A longer and narrower 9° beam focus for illumination further down the trail or road. The Spot

pattern is designed to be used in conjunction with additional Wide Driving and/or Driving/Combo beam lights. (Lighting Zone 4 & 5)

Work/Scene: Excellent work light or "scene light" with an extremely smooth 120° circle that projects about 40ft. This pattern is not suitable for driving. (Lighting Zone 7)
