through **\$421.05** GST included

SKU: N/A

Categories: [LED Auxiliary Lights](#), [Squadron Pro](#)

PRODUCT DESCRIPTION

Our Squadron® Pro packs 4,600 Lumens at 40 watts that will truly annihilate the night. The Squadron Pro now features a variety of Cree LEDs to provide a 20% more reach, with the same power consumption! Don't let this light fool you, although compact in size this LED auxiliary light will literally blind you with brightness. The Pro comes equipped with a sleek black gloss aluminum housing and outshines the competition through both appearance and performance. An industry first 30 Day Satisfaction Guarantee & Limited Lifetime Warranty is included for the ultimate in purchase protection.

Patterns:

Driving/Combo: Maximum trail coverage in a single light. The Driving/Combo pattern is equipped with both Driving (42°) and spot (9°) optics to provide you with a smooth blend of light for both near field applications and distance (Lighting Zone 3)

Wide Cornering: BD was the first to develop a pattern specifically for cornering, dust and/or fog conditions. The Wide Driving pattern offers a 42° flattened horizontal beam for the ultimate in comfort lighting. (Lighting Zones 1 & 2)

Spot: A longer and narrower 9° beam focus for illumination further down the trail or road. The Spot pattern is designed to be used in conjunction with additional Wide Driving and/or Driving/Combo beam lights. (Lighting Zone 4 & 5)

Work/Scene: Excellent work light or “scene light” with an extremely smooth 120° circle that projects about 40ft. This pattern is not suitable for driving. (Lighting Zone 7)
